

We hope that you find your NEW 2011 Pentland Catalogue useful. This year we have colour coded the various sections, grouping equipment together by type rather than by manufacturer. Many prices are unchanged from last year, a few have increased and some have been reduced, including the Kromo Glass and Dishwashers which have reduced dramatically offering a range of quality warewashers at competitive prices. We also have a host of new products included in the catalogue for the first time.

The Catalogue re-design has meant that some errors have occurred :-

We continue to support Vestfrost and although the accompanying page was overlooked please include it with your copy of the catalogue.

On pages **72** and **73** the NEW Mondial Elite KIC LT range; we have held last years prices for the improved models and the prices should be in the following order.
